Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

NAVY SPOUSE'S GUIDE (PAPERBACK)

Naval Institute Press, United States, 2002. Paperback. Condition: New. 2nd ed. Language: English. Brand new Book. Naval officers and enlisted personnel undergo extensive training to cope with the special demands of their duties at sea and ashore, but what about their spouses and children? This practical, one-of-a-kind guide fills the gap by helping families navigate the unique challenges of Navy life. Personal, friendly, and easy to use, this updated edition of the original 1997 guide is based on interviews with Navy spouses and a lifetime of lessons learned by the author as a Navy junior and wife of a career naval officer. Using an array of hard-to-find diagrams, charts, facts, and figures from a wide variety of sources, Laura Stavridis explains every aspect of Navy life in a frank, open discussion. The particulars of pay, living expenses, travel, children, emergencies, support groups, and social life, as well as medical, legal, and educational issues are described in a spouse-to-spouse format. Readers learn what to expect with regard to separation, homecomings, life overseas, shore duty, marital dynamics, and divorce. Also covered are such vital topics as military careers, spousal careers, reenlistment, retirement, and transition to civilian life. Useful phone numbers, checklists, glossary, and an up-to-date primer on the Navy's organization, ships and aircraft, and chain of command complete this unique reference. New to this second edition are discussions of e-mail communication, Internet resources, and spouse leadership roles within the Navy.
